

For Beta Users only

Section 1

Do you have a Discord account?

If **yes**, continue to Section 2.

If **no**, complete the following:

Phone or Tablet (Next page for desktop or laptop)

- 1) On your device, navigate to the App Store (iOS) or Play Store (Android)
- 2) Search Discord. The icon will look like this: 
- 3) Get (Install)
- 4) Open Discord
- 5) A welcome screen appears with a Register button. Click Register.
- 6) Choose Phone or Email. Tap Next.
- 7) (Option) Enter a Display Name or click Skip.

Note: A Display Name is the name shown in servers and with your chats: other people can see. Many people can have the same Display name. This can be compared to a Gamer tag.

- 8) Enter a Username and Password. Tap Next.

Note: If you do not have a Display Name, your Username is shown instead in servers and with your chats: other people can see. No one can have the same Username, this is unique.

- 9) Enter a Birth date
- 10) Tap create account. Discord sent you an email verification.
- 11) Go to your email (Gmail, Yahoo, etc.). Open the email from Discord then verify.
- 12) Go to Section 2

Desktop or Laptop

1) On Windows go to Microsoft Store. On Mac go to Discord.com.

2) Press Download (or Install).

On Mac navigate to file (likely in Downloads folder). Double click Discord.dmg. Drag the Discord Icon to the Applications folder. Click the Applications Icon at the bottom of the screen, the icon that shows all your applications.

3) Open. Note: It may download updates

4) Click word Register (towards the bottom)

5) Enter Email

6) (Option) Enter a Display Name or click Skip.

Note: A Display Name is the name shown in servers and with your chats: other people can see. Many people can have the same Display name. This can be compared to a Gamer tag.

7) Enter a Username

Note: If you do not have a Display Name, your Username is shown instead in servers and with your chats: other people can see. No one can have the same Username, this is unique.

8) Enter Password

9) Enter Birth

10) Click create account. Discord sent you an email verification.

11) Go to your email (Gmail, Yahoo, etc.). Open the email from Discord then verify.

12) Go to Section 2

Section 2

1) Go to [shreshine.com](https://www.shreshine.com)

2) Fill out your first and last name.

3) Enter your email address. Use the email address associated with your device.

4) Enter your Discord Username.

Once you press Join, a welcome email is sent to the email address provided in the form. The email will have beta information including the Discord server link.
